Education

Chitkara University,Punjab, India <ul style="list-style-type: none">Branch CSE CGPA : 9.05	2021 - 2025
Shanti Niketan Vidhya Peeth, India <ul style="list-style-type: none">CBSE (ClassXII), Aggregate: 93.6%	2020
Shanti Niketan Vidhya Peeth, India <ul style="list-style-type: none">CBSE (ClassX), Percentage: 92.4%	2018

Skills

Proficient in Java, React JS MERN Stack Web Development and Data Structure and Algorithms with 400+ problems solved.

Languages : Java , JavaScript , NodeJS , ReactJS , MongoDB , Html , CSS, MySQL , ExpressJs

Soft Skills : Leadership , time management , teamwork , problem solving

- Solving Coding Problems.
- Gym and cardio.
- Listening Songs
- Learning new Programming languages

Projects

MERN Blog Web App

- Developed a full-stack blog application using MongoDB, Express.js, React, and Node.js, featuring user authentication, CRUD operations for posts/comments, and responsive design.
- Optimized application performance through efficient React components, asset bundling, and caching strategies, ensuring fast loading times and smooth user experience.

MERN Todo-APP

- Frontend (React):** Utilize React for building a responsive and interactive user interface. Leverage components, state management and React Router for navigation.
- Backend (Node.js and Express):** Use Node.js with Express to create a RESTful API to handle CRUD operations (Create, Read, Update, Delete) for TODO items. Implement middleware for handling requests, authentication (if needed), and connecting to MongoDB.

Academic and Extracurricular Achievements

- Won bronze medal in Mathematic Olympiad.
- Won many Medal in local powerlifting competition .

Positions of Responsibility

- Full Stack Web Development from Udemy.
- Data Structure and algorithm using JAVA.
